“VEEDO” Convened AGBM on 30th September 2024 at 10.00 Am at **“VEEDO”**, Training Center, Kancheepuram.

Dr. V. Sampath, Chairman of **“VEEDO”** welcomed the GB members of **“VEEDO”** The AGBM Meeting was held as per scheduled Agendas, to discussed

various components dealings of the accounts and find out new strategies for the effective future dynamism shared their experiences, to strengthen the various innovative projects of all events and performance on the current year – 2024-2025 and next year.

PRESENT ACTIVITIES ON CURRENT YEARS

“VEEDO” has been factorizing certain activities such as model literacy capacity building, AIDS prevention and control projects, Reproductive Child Health Care Projects, Intensive Agriculture Development through modern technological factors Rehabilitation during disasters managements, care and support to PLHA’s families for proper treatments, nutrition diets, skill buildings and linkages with welfare depts. Women and child development, community development, community based rehabilitation disaster management, free legal AID and rural & urban comprehensive development.

CLEAN & GREEN ENVIRONMENT PHENOMENON

“VEEDO” has collaboration with schools, SHG’s, Youth Associations and Eco Clubs, these groups have been oriented and motivated & created to keep their own targeted areas as like clean & Green Environment, through this opportunities the entire groups are to provide resourceable centers. There are 1750 groups are involving in the Green Environment Phenomenon concept.

MICRO TO MACRO CREDIT INVESTMENTS

“VEEDO” has been motivated all the SHG's for to developing Micro to Macro investments, there are 1865 SHG's would have been oriented on Micro to Macro strategies that has to applicable for their own targeted villages for their future development and sustainable.

ACTIONIZATION OF SELF HELP GROUPS (SHG'S)

“VEEDO” has formed 1865 SHG's in Kancheepuram Block, and given EPD training on various Income Generating activities, Credit control system, savings, capacity Building, ability on monitoring, maintain accounts properly and perfectly and reinsuring sustainability, resource and viabilities also available to carry out all functions very effectively by their commitments. Searching resources from State, Central and even Private concern, utilized in order to resuscitate pertinent developments in the community. Desiring to participate Income generating products units and find out suitable market, develop entrepreneurs skills further epidemic developments.

ECONOMIC GROWTH AND SUSTAINABILITY

“VEEDO” has promoted a long term, short term standing outputs to the target population, different types of trainings on Income Generating productivity in their area or out of areas. But everything on intensive orientated with collaboration of other reputed / expertise concerns. The rural women groups, Adolescent groups and paralyzed groups such as , orphans, widows, disables, uncared aged those who were doomed in life and no sources availability. The youths have vehement attitudes to involve and commit in order to seek a better standard of living. But modern scientific developments forced to aggregate and accumulate capital investments

which brings forth self reliance and social harmonious. 765 people were benefited in the year.

AMALGAMATION OF TECHNICAL TRAININGS TO THE ARGIRULTURISTS

The target intervention people are mostly indulged in Agriculture cultivation still followed ancient methods of cultivation. Even though scientific knowledge developed, but in 74 villages of 44 panchayats in Rural villages of kancheepuram Block never adopted the new trends of scientific technology and also manures not properly utilized. So, that, season to season, the yield of Agricultural production normally on diminishing marginal utility . so that the entire, life has been clouded in darkness and full of oscillation and ambiguous. The trends have been graphed in various status of poverty scenery with zic zack sciatica. So that "**VEEDO**" has been motivated on new Technical inputs, with modern scientific resources to cultivate adopt for "better yield on any dimensions of production" lot of groups were benefited in the year, Intensive contribution of protecting the national resource and utilizing positiveness of moon soons new formers groups were involved and benefited in the year.

REHABILITATION FOR UNCARED AGED, DESTITUDES WIDOWS AND DISASTER PEOPLE :

"**VEEDO**" has providing rehabilitation for uncared aged, destitute, widows and a special attention to the disaster affected people at "**VEEDO's**" multipurpose Training centre campus, for the noble cause of realizing the human dignity and proved universal fraternity.

The cardinal motivation, has been creating new environment atmosphere with incorporated innovative, programmes, interactions, group interactions, spent their last days with sharing richest hypothesized incidents and events which has been over come by them and is useful to the younger generation. The expensive of entire

programme cost borne by the management contribution and accumulated subscription, donations from like minded and tendered hearts, charity thoughts and philanthropist to continue this endeavor very effectively. It has been a life long time project and it has been appreciated by all dept of concerns specifically the District Social Welfare officer, Kancheepuram, has visited and appreciated on the intervention. We provided Free foods, accommodations, Medical treatments, update medias and current affairs, and also publications. Free toilets, bath rooms, for men and women each in separate attachments. Even all amenities free and make use of their abilities on commercial grounds, at least to earn livelihood on recreative survival atmosphere.

RESEARCH ORGANIC VERMI COMPOST TECHNOLOGY

“VEEDO” with collaboration of ‘CAPART’ has organized a comprehensive research on different organic manures like vermi compost, Nadep compost, biogas slurry, farm yard manure, with chemical fertilizers, by the contribution of CAPART. **“VEEDO”** has modernized 950 Vermi pits in target regions as pilot research milestone, which has carriedout by the farmers on demands in order to raise the yields of property. It is worthful and durable potentialities to all farmers, In this process, earth worms has reared during the composting process of organic water, which results in enriched compost quality, reduction in the duration of decomposing and prevention of nutrient loss, which keeping the cost of production low. **“VEEDO”** has been carried out, as pioneering rapprochements in several villages, where, people have interested to engage and indulge in Agricultural cultivation.

The new groups created & motivated by the old groups now there are 8050 beneficiaries have been followed these system of vermi compost for their effective gainful cultivation in their lands.

AWARENESS ON ALCOHOLISM AND DRUG ABUSES:-

“VEEDO” has created Awareness camps among the targets through trainings, seminars, rallies, meetings, cultural activities, distribution of IEC materials, display posters, banners, pamphlets, book lets, stickers, Flex roles and so on, for easy transference, Audio & Video visualization, Street play which focused on how to get rid of addicts on Alcoholism and drug abuses Free counselling, Free Medical check up, Environmental changes, follow up actions, care and supports. continued The prime objective is made on revolutionary changes in behavior attitudinal only. **“VEEDO”** has often raised local funds and contributions for this entire purposes of rehabilitation to the Alcocalist and Addicts to provide a new life. The druggist have contributed more sustain efforts through treatments, facilitations encouragements often provided, to change the trends on new spirit and blossom of life 65,750 people were benefited in the year.

CONSUMER’S AWARENESS

“VEEDO” has conducted various ‘consumer Awareness seminars to the target population. By the expertise’s competitive inputs, has been orientated to the consumer, to chose the quality and quantity aspects, as per demand and supply. Even in different trades, fancy products, basic products which has been needed to the society, fluctuations of price levels at market, bargaining talents, competitive movements and techniques, marketing tie-up, publicity, linkages with stockiest, manufactures and

consumer's willingness, profit nature, future plans have been highlighted on strong and healthy tie-up, "**VEEDO**" has experienced in social marketing of condoms and contraceptives, orientation has been ventilated to consumer rights, Acts and privileges as per constitution has been narrated. 3,65,000 people were involved and benefited in these camps. The enriched and expert lawyers who contributed and explicitated with suitable concepts about 'Consumer Acts' to the consumer's on broad scale of knowledge.

AIDS PREVENTION AND CONTROL PROJECTS

"**VEEDO**" has been effectively carrying out, 'AIDS Prevention and Control Projects from 1996 onwards by the support of "**VEEDO**".

"**VEEDO**" as a DRC which is functioning for all NGO's in Kancheepuram District. The predominate and prime objective has 'to reduce and redeem from STD/HIV/AIDS, a dangerous, epidemic vulnerable diseases. The prime focus on syndromic management treatments with partners, promote commercial condoms on traditional and non traditional outlets, under the sole seeds of behavior change among HRB Groups, rings of the Quality counsellings, Basic knowledge on STD/HIV/AIDS, BCC events, medias such as, has telescoped into audio-video visualization, mobile exhibitions, distribution of IEC materials, secondary STD care services through trained HCP's, Peer Educators promotion, Pre- counselling & post counselling, Full treatments with partners through RMC & ICTC / PPTCT Thirdly, condom promotion, condom usage, condom demonstration, negotiation skills, clear cut on myths & misconceptions various stigma and discriminations.

RURAL COMPREHENSIVE PROJECT (RCP)

"**VEEDO**" has launched the rural comprehensive project entire Kancheepuram District in Tamilnadu. The main streaming objective in to bringout environment health and

economic status of all families. The main focus has given community development activities and making changes in all development factors such as education, health, environment, employment, communication road facilities, medias developments medical facilities, green and clean environment developments in all villages as model to others. New technological skills on various trades has to be introduced through that everyone get opportunity to earn their livelihood. Family maintenance, children education, proper skill orientation mass media programmes to understand the current affairs and various opportunities. Especially in villages, the rural artisan works. How a days are in gloomy atmosphere so that, large no of families are affected and no employment opportunities.

When "**VEEDO**" has started rural comprehensive project, the youths and unemployed persons learned the new technological skills to under go on any employment opportunities, 74 villages were involved in the programme very effectively.

REPRODUCTIVE CHILD HEALTH AND MOTHER WELFARE

‘VEEDO’ with high cooperation and collaboration of ‘SHG’S’, through local support started RCH/RTI/ and comprehensive health, Intervention at Orikkai, Kavanhandalam, Nathapet, Kilambi, Asoor, Visoor, salabogam, valathottam, kurivimalai, kalakatur, kalur, china iyyankulam and periyantham respectively where health care facilities have been ignored and denied .

The predominant goal is to reduce RTI/STI/HIV/AIDS, and keep health hygienic, clean environment in all human trends & movements among adolescents, women and men groups, have been focused as target population. Health awareness camps, find out RTS/STD/symptoms. Referrals, counsellings-VCTC & RMC, has been promoted. Concentration on infant mortality and morbidity, maternal mortality each indicators has been explained. Safe sex practices through various method of contraceptives stressed to

protect from vulnerable epidemic diseases and also opportunity infections among child to mothers-Awareness created on MMR, safeguards to pregnancy, stressed institutional deliveries, and improved supply of 'Iron Folic Acid (IFA) for preventing and treating against anemia and protection for other infections by various pollutions and bacteria. Mass Trainings provided to Health care providers and community Health Workers to understand the diagnoses for full treatments and follow up care services.

WOMEN AND CHILD EMPOWERMENTS :

Women facing lot of difficulties from child hood to till their death. India in keeping a scheduled and arithmetic stigma an discrimination about the women even female children's & are also facing lot of grievance and struggles about their future. Women facing difficulties on going through the legal procedures to obtain compensation. Providing proper education and food for their children, now a days some are fearing about the safety of their children and themselves. In this situation, their life itself becomes a big problem and no recovery. Even widows, physical handicaps, deserted women are vulnerable. In this constitution, "**VEEDO**" Rural Comprehensive Project, has to promote the women and children on the right path to get awareness education, skill buildings to earn income, legal help for women and children to be arranged 45,650 families were involved and benefited in the year.

DISASTER MANAGEMENT AND PREPAREDNESS

"**VEEDO**" has analyzed the effects of Disasters in relation to their local circumstances. Through such analyst's it is possible to define. In advance many of the requirements which

applies to the disaster management cycle. This is especially valuable for anticipating actions needed for response and recovery.

“VEEDO” has collaborated with NGO’s started the relief and reform activities on Disaster Management and preparedness activities with various key groups in Kanchipuram District network . Each NGO’s have performed the components with demonstration in their active regions, they have been creating awareness among the panchayat leaders, local leaders, SHG’s Members, Fan wings, youth federations, labourers and community heads, with religious leaders about the roles and responsible works during the eve of disasters. Disaster management teams formed in few panchayat unions and to provide disaster management and preparedness trainings. Disaster management covers a wide range of functions and skills like:- planning, mapping, organizing, day to day management of activities, crisis management activities, logistic function, recovery management specialist skill applicable to rescue, FIRSTAID, Assessment emergency relief and welfare, communication Excludes activities. Hence, **“VEEDO”** has joined with disaster management department at kancheepuram and carryout the programmes, in order to cover the whole kancheepuram. District about the trainings and disaster’s preparedness activities to save the life human beings. Block level, district level and school level programmes were implementing in the year.

SYMBOLIZATION OF VISITOR’S TESTIMONIALS

Visitors impression, appreciation records transference flasher which has witnessed about the scope of intensive implementation of projects reached to each and every, rural

regions of this district and also model to other districts and states of India. Awareness & Motivation have created on health seeking behavior among high risk target population.

APAC / NACO / USAID, TANSACS, TNVHA, DRDA, DRMP, THADCO, DSWB, SEVA BHARATH, LITERACY INDIA TRUST, DEO, RCP Fund rising groups, sub court of kancheepuram, private concerns, various chiefs of NGO's from other states and other esteemed social concerns are evaluated and appreciated our entire activities till to date.

CONCLUSION

“VEEDO” has been contributing continuous efforts on various relief's and reforms, development projects, which leads to behavior change, capacity building to all target groups, bringing renaissance life strategy, concreting clear vision and self reliance among the crippled, devastated and doomed families.

Hence, above marked all projects have been scrutinized and evaluated by the representatives of donors and team members of **“VEEDO”**, with solicit cooperation of target groups by looking enforcement of each components, charted out merits and demerits, has been provided as inputs where ever indispensable, by conducting monitory and participatory evaluations which has to cover the objectives of projects, and also coincided with registers, records and documents.

Another important analysis based on the scale of auditors, observed on quality and quantity as per charted out on plan of actions. A document has kept in perfect manners. Merits has been strengthened and stabilized, but misfortunes has been rectified and put inputs & efforts as per wartime strategy,

“VEEDO” has warmly expressed gratitude's and grateful to all donors, evaluators, committed staffs, executives, resource persons, key informants, heads of the target villages, higher Authorities, volunteers and target beneficiaiton's and those, who involved

for the growth of "**VEEDO**" .The key challenge is to empower the vulnerable – women and children, widows destitute and physical handicaps, shift the relief, rehabilitation and capacity building, to enhance the sources of income towards whole as well as individual and reach the comprehensive developments for a peaceful harmony.

LIVING EVERYONE ...!

SERVE TO EVERYONE ...!

LOVING EVERYONE!!

SAVE THE NATION!!
